

EVALUATION

Dear Friend and Partner In Mission Service,

We truly want to say “Thank You” for partnering with us in making a lasting difference within the lives of the poor and destitute. We know that you could have spent your time and money elsewhere, but you chose instead to make a difference in the lives of those who are often destined to what they experience daily: a life void of hope.

You may not realize it but unknowingly you have left your life-print upon the hearts and lives of those whom you have met, however short that encounter may have been. Fingerprints can be erased but life-prints last for many, many years and often forever. May God bless you for all the wonderful life-prints you may have left behind on the hearts and lives of those you met and share with.

In order for us to continue making positive, memorable and lasting experiences, we need you to help us become better in all that we do. Constructive criticism, when applied with grace to help, gently directs us to be images of God, showing a Christ-like attitude in all that we do. The following questions are designed to help us to be exactly that: positive tools in God’s hands while serving those in need.
